## KOLBITES FIRE UP.

Incendiary Talk Indulged in by Alabama Populists.

They Denounce the Theft of the State by Oates.

NAME ISN'T CHANGED.

National People's Party Stands Instead of Jeffersonian.

Force Bill to Get Fair Elections Suggested by One.

MONTGOMERY, Ala., Nov. 13.—At 7 o'clock last night the Kolb convention assembled and while awaiting the report of the committee on resolutions, an extended and heated wrangle arose over the question of rechristening the party, which in a partial report from the special committee in the afternoon had been dubbed the People's and Jeffersonian party. The result of the evening argument was a wiping out of the Jeffersonian party and the convention of the People's and Populists resolved themselves into the National People's Party.

It was after 9 o'clock when Chairman W. H. Skaggs, of the committee on resolutions, was yielded the stage and began the reading of quite a voluminous report, which began by congratulating the people of Alabama on the recent Republican victories in other states, and then took up the subject of alleged ballot box stuffing. The report stated that the committee had at hand ample proof of all their allegations of fraud in that Kolb and his ticket were elected last August and had been counted out.

At this juncture Dr. Crow of Perry county, in an excited manner, paced up and down the theater aisle and declared that he should be seated even if bloodshed were necessary, and that on December 1, the people (Populists and Republicans) should meet at Montgomery and that the federal militia interfered with them there would be enough on hand to handle them.

These revolutionary sentiments were backed up in stout talks by a number of men until Skaggs finally resumed the reading of the report which went on to say that the evidence was at hand to prove the fraudulent election of Governor-elect Oates, and that if the legislature did not right the wrong, the federal congress would be called upon and a force bill demanded if necessary.

After reading the resolutions, Skaggs spoke for two hours. Conservative men were simply drowned out by the incendiary speakers who were applauded to the echo; the more conservative were listened to in silence. The convention adjourned sine die after adopting the report. Not a suggestion of a double barrel legislature or government is contained in the resolutions.

## THREATENED LYNCHING.

A Mob Gathers to Hang Convicted Murderers of the Mayor of Kinsley.

KANSAS CITY, Mo., Nov. 13.—A special to the Star from Larned, Kansas, says: Harvey and Arnold, the murderers of Mayor Marsh of Kinsley, were taken before Judge Vandivert this morning at 8 o'clock, where they pleaded guilty to the charge of murder in the first degree. The sentence imposed by Judge Vandivert was imprisonment in the state penitentiary until such time as the governor shall decide that they shall be hanged.

The boys were taken on the 9 o'clock train for Leavenworth by Sheriff Heath, but not until a mob had gathered and threatened lynching. Judge Vandivert conveyed them an hour before the regular time in order to frustrate the would-be lynchers. The boys are 17 and 18 years old.

The murder of Mayor Marsh was committed on the night of October 22. As he was returning home at night he was accosted by two men, who ordered him to hold up his hands. Thinking it a joke at first, he grabbed at the pistol of one of them. He was then shot in the abdomen by one of the robbers, who made their escape. Marsh died of his wound the next day.

Two men who had registered at the Adams hotel that evening as Carl Slater and Win. Dexter of Kingfisher, Ok., were suspected and the sheriffs of neighboring counties immediately started in pursuit. They were captured in the southwestern part of the state and brought to trial with the above result.

PITTSBURGH, Pa., Nov. 13.—The national non-partisan Women's Christian Temperance union begins its annual convention at Washington, Pa., this evening. It will continue during Wednesday, Thursday and part of Friday. The non-partisans grow out of the Women's Christian Temperance union, being composed of that portion of the parent body opposed to a third party movement. It favors prohibition, evangelistic, educational and rescue work.

## CALL FOR BONDS.

It Will Probably Be Issued To-morrow or Thursday.

WASHINGTON, Nov. 13.—There is no longer any doubt that an issue of bonds has been definitely decided upon and it can be stated on authority that the circular asking for bids will be issued during the present week and probably to-morrow or Thursday.

It is fully realized that the gold reserve has now reached a point where it could be wiped out by a few heavy shipments and it is thought to be the part of wisdom not to wait until the gold in the treasury is practically exhausted before making an effort to recon it. No upset price will be set but it is confidently expected that a larger amount will be realized from the bonds than from the last issue.

The circular calling for the bond issue will be given out this evening. It will call for bids for \$50,000,000 of 5 per cent bonds and the bonds will be dated February 1 to agree with the last issue. The bids will be opened November 24.

At 2:40 p. m. Secretary Carlisle returned to the treasury department from the White House, where, since the adjournment of the cabinet meeting, he had been in conference with the president and Secretary Gresham, presumably on the subject of the forthcoming bond issue. The secretary immediately sent for his stenographer and denied himself to all callers and refused to say anything regarding the matter. It is believed that he is preparing a circular to be made public late today or tomorrow.

NEW YORK, Nov. 13.—At the informal meeting of New York bankers held this afternoon the question of "The bond issue" was discussed. One of the gentlemen who was present said that it was decided that in the case of an issue the New York banks would, as heretofore, respond to the request of the government and help it in every possible way.

## VACATION FOR PARKHURST

His Church Thinks He Has Earned a Rest and Offers Him One.

NEW YORK, Nov. 13.—The session of the Madison Square Presbyterian church has decided to give the Rev. Dr. C. H. Parkhurst a vacation from his duties as pastor until Jan. 1.

The church officers say that if ever a rest was earned Dr. Parkhurst has earned this one. It is not known, however, whether Dr. Parkhurst will accept the offer of the session or not. He has always expressed the feeling that the church year was too short at best and he may be unwilling to cut it shorter, and, on the other hand, the evident fact that he needs the vacation.

On the next evening, Nov. 27, a dinner in his honor will be given under the auspices of the officers of the city vigilance league. Covers will be laid for 500 guests at this dinner, which will be on a winter scale, and the dinner will be given last spring at the St. Dennis hotel.

In case Dr. Parkhurst should accept the offer of a vacation made by the church session, his pulpit will probably be filled part of the time by well known ministers of the city and part of the time by the Rev. J. H. Dennison, the assistant pastor of the church. Mr. Dennison is a Williams college man and a grand son of Mark Hopkins, the famous old president of Williams.

## DON'T BE IN SUCH A HURRY.

The statement authorized by the parade committee that the procession is to move at 7 o'clock this evening is a foolish piece of business. The stores, shops and offices do not close until 6; people must go home to their evening meal, and they can't possibly do it and return by 7. If the procession managers want to deprive two-thirds of the people of Topeka from seeing the march, they will move at 7. If they want to please everybody they will wait until 8.

It is said that the "7 o'clock notice" is given out to make the negligent participants in the parade "hurry up" but this is no reason why 30,000 people should be put to untold inconvenience and discomfort by being notified that they must get down town by 7 o'clock.

Alas the poor dyspeptic! What trials they have! They would have none at all if they would eat food cooked with Dr. Price's Cream Baking Powder.

## STRANGERS ARRIVING.

Many Thousand From Outside Expected On Late Trains.

The noon trains today brought many people who will participate in the ratification tonight. A special from Horton brought the marching clubs of that place and many others just after 1 o'clock.

The Severe band and 75 others from Doniphan county arrived at noon as an escort for Governor-elect Morrill. They brought with them a small cannon which will be used in the ratification. A special from Lawrence will arrive on the Santa Fe at 7:15 and 1,000 people are expected on this train. At about the same hour the special from Manhattan will arrive bringing a great many Republicans.

The roads have sold excursion tickets to the west line of the state and the buffalo grass counties will be well represented. People are already here from Logan, Wallace and other extreme western counties.

The greater number of those who arrive by the Rock Island came at 3:50 p. m. on the regular trains, which picked up the excursionists all along the western line of the state.

## OWENS' PLURALITY 81.

It Is Said That Judge Denny Will Contest The Seat.

FRANKFORT, Ky., Nov. 13.—The official vote in the seventh district, prepared by Secretary of State Headley, today, gives Owens, Democrat, a plurality of 81 votes. Total vote cast: Owens, Democrat, 13,657; Denny, Republican, 13,576; Johnson, Populist, 232; Finney, Prohibition, 14. It is said here that Denny has employed attorneys to contest the seat.

## NEWS OF KANSAS.

Wichita Board of Trade Can't Attend the Grain Congress.

The Missouri Pacific Refuses to Furnish Transportation.

## OTHER STATE NEWS.

Ratifications Last Night at Peabody and Florence.

WICHITA, Nov. 13.—It looks now as though Wichita would not be represented at the New Orleans north and south grain and trade congress to be held this month. Last spring this congress met in Wichita and took steps looking toward the commencement of a good traffic between the middle west and north.

Four members of the Wichita board of trade expected to be present at the New Orleans meeting this month and supposed that the Missouri Pacific, the only direct route, would furnish them transportation, as the success of the meeting would bring them good results. But this road now refuses to furnish this transportation, and the committee say that they are not financially able to bear the expense of a trip to this southern city, and therefore it is probable that so far as Wichita is concerned there will be no representation at the meeting.

**BUFFALO BILLS' BIRTHPLACE BURNS.**  
The Old House Where the Scout Was Born Is Consumed.

ARCHBOLD, Nov. 13.—The old house where "Buffalo Bill" was born and raised, which was located near Kickapoo, caught on fire, and has burned to the ground. All the old time farmers living near south of Atchison remember Will Cody, and the incident which led to his romantic career as a scout, in which capacity he became famous. The place where the Cody family lived in this town in a pro-slavery crowd in Kickapoo during the time of the war, and was shot and killed. From that time his son, who was a mere boy, went on the plains to find the man who did the shooting.

He got a job killing buffalo, and furnishing the meat to Goddard Bros., place keepers at Ellsworth, Kas. He did not kill any great number of buffalo, but merely kept the hotel supplied with buffalo meat. The job was such an odd one that he became known as Buffalo Bill, and this was really and truly how he was given this name. The place where the Cody family lived is now owned by Will Lacaille, who is quite well known in Atchison.

Do you have trouble with your baking? You have yourself to blame. Use Dr. Price's Baking Powder and trials will disappear. It acts perfectly.

## FOUND HANGING IN A TREE.

A Man Supposed to Have Been Drowned Found Near Winfield.

WINFIELD, Nov. 13.—The body of a dead man was found hanging from a vine along the Walnut river twelve miles below the city, the body was hanging by one foot and one arm, head down. In the pockets of the clothing were found two notes which established the identity of the man, who was John Partridge, age 24, and who lived near Tisdale, six miles east of this city.

About September 1 he left his home in a light wagon, driving two horses. The supposition is that he undertook to cross the river when it was up and when he was in a drunken condition, missed the ford and was drowned. The wagon was found a half mile below where the body was found and the horses are still at large.

There were no marks of violence on the body that would indicate foul play. The body was badly decomposed and could only be handled by the use of a stretcher, the head falling off when being put into the coffin. The coroner's jury's verdict was "accidental drowning."

## GOES TO MEXICAN CENTRAL.

W. D. Murdoch of Wichita Made Assistant General Passenger Agent.

WICHITA, Nov. 13.—W. D. Murdoch, general ticket agent for the Atchison, Topeka & Santa Fe, in this city, has been tendered and accepted a position that considerably advances him in the railroad business.

Last week Mr. Murdoch received a letter from H. R. Nickerson, formerly a division superintendent on the Santa Fe, at present superintendent of the Mexican Central, offering him the position of assistant general passenger agent of the Mexican Central, with headquarters at Mexico City. This practically means that Mr. Murdoch will be the acting general passenger agent.

Mr. Murdoch at once wired his acceptance. He has also tendered his resignation to the Santa Fe to take effect on or before December 15th.

## SHOT IN HIS OWN HOUSE.

While Sitting at a Window William Ward Is Shot from Outside.

LAWRENCE, Nov. 13.—News has just reached this city that William Ward, familiarly known as "Billy Ward," a deaf bachelor of 45 years, living alone on a farm near Williamstown, some seven or eight miles from this city was shot by some unknown person while sitting in his house near the window.

The whole side of Ward's face was torn off by shot and he ran about a half mile after the accident before he fell. He died later.

Mr. Ward had sold his farm a few days ago but as there was \$26 on his person when he was found, robbery is not thought to be the cause of the crime. The tracks of two men were found near

Ward's house but searching parties have as yet found no clue to the murderer.

**Acquitted of Murder.**  
ARKANSAS CITY, Nov. 13.—The case of state vs. Mrs. Hamilton, charged with murdering Charles Stetting, was called in Judge Bonnell's court. A thorough examination was made, but no additional evidence could be obtained, different from that taken at the coroner's inquest and the court discharged the defendant.

**G. D. Humphrey of Emporia Dead.**  
EMPORIA, Nov. 13.—Hon. G. D. Humphrey, one of the early Kansas pioneers and a resident of this county since 1855, died last night. He came to Kansas with other anti-slavery men and commanded a company of militia during the great struggle previous to the war.

**Fr. Scott Water Company Sued.**  
FT. SCOTT, Nov. 13.—Meeting under instructions from the mayor and council of the city, Attorney Dillard filed suit against the Fr. Scott Water company for the forfeiture of its franchise. The petition alleges that the company failed to keep their part of the franchise and therefore asks the court to set it aside and to declare it null and void.

**Salina Furnishes the Bonus.**  
SALINA, Nov. 13.—The bonus given to M. Erb of Leavenworth, for the construction of an electric street railway in this city, has at last been fully secured by the committee. Today Mr. Erb pronounced everything all right and will start work as soon as the franchise is granted.

**Found His Wife Dead.**  
WAMEGO, Nov. 13.—About three miles west of town Saturday as Mr. C. J. Fawkes returned from hauling a load of wood, he found his wife dead in the smoke house. A coroner's jury found an evidence of violence and it seems probable that death was from heart disease.
